

MEDITATION RETREAT, April, 1987

*Amidst stars, the rabbit looks down
on the sharp barb's of a Joshua tree's limbs...
as all parts and limbs softly meld
into the ground's shadows.*

J: You're very good at evoking strong visual images – I can completely “see” this rabbit becoming one with the universe ☺

* * *

*Sunset
Layers of hills
Shades of blue-gray
Weaving waves of undulating clouds
All cascade into dusk*

J: Beautiful images of everything falling away into a soft nothingness

* * *

*Sumi-e Sky
White on blue
Wispy, puffy,
Delicate brush strokes,
No erasures....An artist's hand*

J Great line! (artist's hand)
