

February 4, 1979

Dear Heane,

I wanted you to know how much you were appreciated by the Valley community and by myself on Saturday.

Your presentation was excellent and will be talked about in the Valley for some years to come.

Shauna was an added attraction. She is intelligent and loving, and we enjoyed having her with us.

I enjoyed meeting you both and I thank you for your exceptional contribution to our symposium.

Sincerely,

Lee Rothberg
